

## ASTER 26 XC belt

**NON-TOXIC**

**CHEVRON PROFILES**

**OIL RESISTANT**

**LONGER LASTING**

**HIGH WORKING LOAD**

**EASILY CLEANED**

This belt is a replacement for traditional toxic, non oil resistant rubber profiled belts (which suffer from creasing and decomposition).

It also replaces the classic PVC belts with welded profiles. The **chevrons** on the ASTER 26XC are **embossed**, not glued.

Made from 100% polyester fabric, covered with white PVC, **non-toxic** (FDA), and resistant to **vegetable oils**.

**Lighter** and **more flexible** (lighter conveyors, lower energy consumption, and smaller drum diameter).

Ideal for using with roller or **troughed beds** (**excellent adaptation**).

Available in widths from **400 mm** to **600 mm**.
